

ASTM DIGITAL LIBRARY FOR AICTE APPROVED INSTITUTIONS

[PRODUCT INFORMATION](#)

[GENERATE QUOTATION](#)

[PAYMENT INFORMATION](#)

FULL SUBSCRIPTION OF ASTM DL INCLUDES

- > JOURNALS
- > SYMPOSIA PAPERS (STPs)
- > MANUALS
- > TERMINOLOGY DICTIONARY

JOURNALS

ASTM Journals keep you up-to-date on the most important findings and research in a broad array of engineering areas. All journal papers are peer reviewed and are abstracted/indexed in such top services as ISI Science Citation Index, COMPENDEX, Chemical Abstracts, Web of Science and more. Online subscriptions include the complete backlist of ASTM Journals which have been digitized back to the first issue of each journal.

> **Advances in Civil Engineering Materials (ACEM)**

ASTM International's premier civil engineering journal, covering all aspects of material processing, structure, properties and performance in civil engineering systems. Materials Covered: (but not limited to)

- Concrete
- Asphalt
- Steel
- Polymers and polymeric composites, and
- Wood for use in civil engineering applications (for example, pavements, bridges, and buildings– including nonstructural elements such as insulation and roofing)

> **Materials Performance and Characterization (MPC)**

ASTM International's premier materials journal. It covers all aspects of material processing, structure, properties, and performance in engineering systems. Materials Performance and Characterization (MPC) provides high-quality papers on both the theoretical and practical aspects of the processing, structure, properties, and performance of materials used in:

- mechanical
- transportation
- aerospace
- energy and
- medical devices

Materials Covered: (but not limited to)

- Metals and alloys
- Glass and ceramics
- Polymers
- Composite materials
- Textiles and nanomaterials

> **Geotechnical Testing Journal (GTJ)**

The purpose of the Geotechnical Testing Journal is

1. to provide a high-quality publication that informs the profession of new developments in soil and rock testing and related fields;
2. to provide a forum for the exchange of information, particularly that which leads to the development of new test procedures; and;
3. to stimulate active participation of the profession in the work of ASTM International Committee D18 on Soil and Rock and related information.

Official Distributors : AFNOR, API, ASME, ASTM, BSI, DIN, IEC, ISO, ITU, JIS, NACE, SAE
