

## **BIODATA**

### **Rishi Ranjan Singh**

Assistant Professor

Dept. of Electrical Engineering and Computer Science  
Indian Institute of Technology, Bhilai

- Presently working as Assistant Professor, Dept. of Electrical Engineering and Computer Science at IIT Bhilai
- He received his Ph.D from IIT Ropar
- His areas of interest includes Social & Complex Network Analysis, Approximation Algorithms, Combinatorial Optimization, Mathematical Formulation, Vehicle Routing Problems, Graph Theory, Theoretical computer science
- He has authored and published several research papers in well-known international journals and conferences

## **Dr. Arun Anirudhan V.**

**Dr. Arun Anirudhan V.** is an Engineer - Grade D, in the BMT Wing, Sree Chitra Tirunal Institute for Medical Sciences and Technology, Trivandrum. He received his PhD in Computational Neurosciences from School of Biotechnology, National Institute of Technology Calicut, and Post Doctoral Fellowship from IIIT Hyderabad. He was a Indian National Science Academy (INSA) Visiting Fellow in Cellular Neurophysiology Lab, Molecular Biophysics Unit in Indian Institute of Science, Bangalore. He received his M.Tech Degree in Information Security from National Institute of Technology Calicut. He completed his B.Tech in Computer Science and Engineering from Government Engineering College, Thrissur.

His research interests include Computational Neuroscience, Information Security and Neurobiology. He has published his research works in various reputed conferences and journals. He has delivered expert lectures and keynote addresses in several International conferences.
